Hello all,

Hereby I am providing my full support for Kevin McGarry to teach AI Law & Regulation in the program you are launching. I think he is supremely qualified to develop and teach and he would be a great addition to your team. Kevin's teaching in your program will not interfere with his teaching activities here at the Smith School (with the proper coordination of dates and times) and thus, it would not represent a conflict.

Please let me know if anything else is needed from me in support of Kevin's success in your program.

Allbest

Cristian
